WILSON'S fly shop is the best place to come for great selection, excellent service & friendly advice !

### Why Hire an Ontario Fly Fishing Guide?:

Our team of guides know the local rivers better than the fish in them and a good guide will make the difference between having a good day versus having a great day. Our guides know what fly to use, when to use it and where to cast it. Most importantly, we only work with friendly, courteous & knowledgeable guides who are always properly prepared for any situation (and properly insured!). WILSON'S strongly encourages all fly anglers to only book professional Ontario Fly Fishing Guides.

**Our Water:** Our team of guides & outfitters cover all of the better known destinations in Southern Ontario and, more importantly, many rivers and streams not commonly fished. Each guide has a handful of lesser known & often more productive spots that all but guarantee a good day of fishing. You let us know what you want to catch and we will get you into a great day of fishing!

**What is included ?:** This depends solely on your guide. Ontario Fly Fishing Guides provide a lunch and non-alcoholic beverages but anglers are responsible for bringing their own gear, flies and current Ontario fishing licenses. A typical guided day is a minimum of 7 hours of fishing and while clients are responsible for arranging their own transportation for a nominal fee we can also arrange a pick up and drop off. For anglers without gear rental is available.

**Species:** Ontario is blessed with spectacular fishing and many are surprised at the diversity and quality of fishing we have at our doorstep. The Grand River is Ontario's premier brown trout fishery and only 90 minutes from downtown Toronto. Popular local species include Brown, Brook, Rainbow & Lake trout, Bass, Steelhead, Carp, Salmon, Muskie and Pike.

**How to Book:** If you would like to book one of the Ontario Fly Fishing Guides call or email WILSON'S.
